Our Arbor Kraft bags are made from fallen leaves, when created 15 times less water was used and 78% less CO2 was produced. These bags will decompose in 55 Days.

RETHINKING LEAVES WHAT IS AN ARBOR KRAFT PAPER SHOPPER?

The Arbor Kraft Paper Shopper is made from paper produced from the fibers of fallen leaves. The sustainable benefits of this paper are matched by its natural attributes and product features.

Arbor Kraft paper is crafted from green waste collected by public utilities within urban areas. Consequently, it not only involves waste disposal but also transforms it into an exceptionally sustainable paper.

CUSTOM PAPER SHOPPING BAGS

Differentiate your brand with a custom designed bag exclusive to you. Custom bags provide you with additional options - unique sizing and shapes, handle styles, paper substrates, laminations and colors. Let our packaging stylists elevate your look with customized packaging - bags, boxes, tissue and ribbon!

Step 1: Substrate - Select your material, do you want your bags printed on white or natural kraft? Would you rather art, enviro or beater dyed papers?

Step 2: Finish - Select your finish, there is matte, gloss or stock or custom roller embossed.

Step 3: Size - Measured in length x gusset x width, with gusset being the depth of the bag, you can choose a standard size or something unique to you and your products

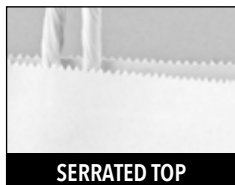

Step 4: GSM - In the U.S. paper shopping bags are typically weighed in Grams per Square Meter (GSM). Some examples of weight are 157 GSM is light, 180 GSM is medium and 210 GSM Heavy. You can choose up to 250 GSM.

Step 5: Bag Color - Choose from a standard color or provide us with a PMS Color to match.

Step 6: Top - There are three types of bag tops: Straight, serrated or turn top. A turn top is folded over and glued and gives the bag a more finished look and sturdy construction.

STRAIGHT TOP

SERRATED TOP

TURN TOP

Step 7: Handle - Select your handle style, color, length and material. Choose from a standard twisted paper handle, or a more high end rope, ribbon or woven flat handle. Rope handles commonly come in cotton waxed, polyester or Jute. Woven handles come in polyester and paper. Want to kick it up a notch? Add printing to a ribbon handle.

Step 8: Design - Tell us something about your design, number of colors, percentage of ink coverage and whether there will be a hot stamp, emboss or deboss. With a custom bag you can print on not just the front and back but the interior, bottom board and interior turn top.

Step 9: Varnish - Spot ultraviolet varnish is a great way to make parts of your design, like your logo, pop.

S.O.S. are recyclable. **ECO FRIENDLY**

Promote with a reusable customized tote! Our eco-friendly jute and canvas bags are a great way to incorporate eco-friendly into your packaging program - either as promotional, gift with purchase or resale. Ask about our custom made to order program available with minimums starting at just 300 bags. Building your bag is easy - simply choose your bag style and size, color option and handle style and we'll take care of the rest. Personalize your bag with a vibrant color sensations print or bold screen print for a finishing touch!

Step 1: Select your bag style and size – choose jute or canvas or a combination of both. We recommend adding a laminated interior to your bag for added rigidity and water resistance.

Step 2: Select your bag color – choose from a range of over 20 featured colors available. Choose from bright hues like lime green, Felix pink or tangerine, or go with neutral tones in black, natural and milk white or even pastel tones in sea green, dusty rose or aqua. Additional standard color selections available upon request.

Step 3: Select your handle style, color and length – choose from 8 handle styles available in your choice of colors. Choose from rope handles, cotton string, cane handles or flat web handles. Additional finishing options like zippers, grommets or snaps are also available.

4 COLOR PROCESS PRINTING

4 Color Process Printing is a digital transfer print process with vibrant full color graphics allowing you to maintain the integrity of your brand colors. This print process is the answer to tight registration, PMS matching and low print minimums. Process printing is available on our paper - euro - frosted shopping bags, and on many box styles including our gift & apparel, jewelry, specialty styles and food service boxes.

HOT STAMP PRINTING

Hot Stamping is a foil based type of printing and is available in both metallic and matte foil finishes and is available in single or multi color foils up to three colors. Hot stamp is available on a wide assortment of packaging including paper bags, European shopping bags, frosted bags, boxes and ribbon. Below listed color swatches are close approximations of the foil colors. Ask about additional foil color options!

EMBOSS PRINTING

Add dimension with our new elegant Emboss Printing option. Embossing is a process of creating raised images and designs in paper packaging products. Choose from blind embossing or tint embossing which includes adding a foil color to your embossed logo or design. Emboss printing is available on all paper and European shopping bags, and various box styles like gift, apparel and specialty boxes that include jewelry boxes, gable, pillow pouches and food service.

SCREEN PRINTING

Silk Screen Printing is an ink based printing technique used on woven products. A design is applied onto a screen and ink is heat transferred through the screen onto the woven material. Screen Printing is available on our eco-friendly products like jute and canvas bags, non-woven bags and select non-laminated European shopping bag styles.

COLOR SENSATIONS

Color Sensations Printing is a digital transfer print process used on fabric based products. This print process allows a multi color or photographic image to be printed onto the bag material. Color Sensations printing is available on our eco-friendly bags, non-woven and select European shopping bags like our matte laminated, natural kraft and enviro euro totes. This print process leaves a matte finish vibrant design and is perfect print solution for large print areas or designs with more than four colors.
