STANDARD BOX COLOR PROGRAM

Our Standard Box Color Program serves as a basis for creating a customized, coordinated packaging program in small quantities that's easy to understand. Although we can manufacture boxes to match just about any PMS color, our standard colors are designed to coordinate with many of our in stock bags. Unlike custom PMS matched colors, standard colors typically require smaller minimums and do not incur an ink charge. Choose from an assortment of colors available on white or natural kraft board, from smooth finish matte colors, elegant metallic shades, lustrous gloss hues and even textured finishes too. Please allow 4-6 weeks for delivery.

4 COLOR PROCESS PRINTING

4 Color Process Printing is a digital transfer print process with vibrant full color graphics allowing you to maintain the integrity of your brand colors. This print process is the answer to tight registration, PMS matching and low print minimums. Process printing is available on our paper - euro - frosted shopping bags, and on many box styles including our gift & apparel, jewelry, specialty styles and food service boxes.

HOT STAMP PRINTING

Hot Stamping is a foil based type of printing and is available in both metallic and matte foil finishes and is available in single or multi color foils up to three colors. Hot stamp is available on a wide assortment of packaging including paper bags, European shopping bags, frosted bags, boxes and ribbon. Below listed color swatches are close approximations of the foil colors. Ask about additional foil color options!

EMBOSS PRINTING

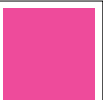

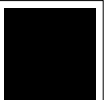

Add dimension with our new elegant Emboss Printing option. Embossing is a process of creating raised images and designs in paper packaging products. Choose from blind embossing or tint embossing which includes adding a foil color to your embossed logo or design. Emboss printing is available on all paper and European shopping bags, and various box styles like gift, apparel and specialty boxes that include jewelry boxes, gable, pillow pouches and food service.

SCREEN PRINTING

Silk Screen Printing is an ink based printing technique used on woven products. A design is applied onto a screen and ink is heat transferred through the screen onto the woven material. Screen Printing is available on our eco-friendly products like jute and canvas bags, non-woven bags and select non-laminated European shopping bag styles.

Screen Ink Print colors may vary depending on the transparency of the ink and color of bag on which it is placed. PMS color match is available for an upcharge - please call for details.

COLOR SENSATIONS

Color Sensations Printing is a digital transfer print process used on fabric based products. This print process allows a multi color or photographic image to be printed onto the bag material. Color Sensations printing is available on our eco-friendly bags, non-woven and select European shopping bags like our matte laminated, natural kraft and enviro euro totes. This print process leaves a matte finish vibrant design and is perfect print solution for large print areas or designs with more than four colors.
