REUSABLE

As a more durable alternative, Bamboo Studio's line of bamboo ware items retain all the strength and beauty of bamboo, with the added benefits of sustainability. Designed from the ground up to be as eco-friendly as possible, we begin by taking the fiber of bamboo plants five years or older, grinding it into fine powder. Utilizing a proprietary process, the material is molded into sturdy, long-lasting items.

# HARVESTWARE

REUSABLE

Harvestware uses renewable resources for its raw materials like corn, cassava, sugar, cane, sugar beets, wheat and other non-food plants. This innovative material looks like plastic, but it is made from refined plant extracts instead of petroleum. After disposal, micro-organisms within the soil help HarvestWare biodegradable into carbon dioxide and water, making it environmentally friendly and eco-safe.

- **NATURAL & ECO-FRIENDLY**
- **REUSABLE**
- **DISHWASHER SAFE**
- **DURABLE & LONG LASTING**
- **STAIN & ODOR RESISTANT**
