CUSTOM PRINT PROGRAMS (LARGE PRODUCTION RUNS)

DO YOU NEED ABOVE CATALOG QUANTITIES

AND HAVE TIME ON YOUR SIDE?

WOULD YOU LIKE TO TAKE ADVANTAGE OF LOWER PRICING
ON ORDERS PLACED DIRECTLY WITH ONE OF
OUR TRUSTED DOMESTIC OR OVERSEAS MANUFACTURERS

IF SO, WE EXTEND OUR SOURCING STUDIO PROGRAM AND SERVICES TO YOU!

We have developed long-standing relationships with domestic and overseas manufacturers. This enables us to provide quality custom products at the right price. We will handle delivery time, freight forwarding, customs brokerage and logistics so that you can focus on your business.

In addition, almost any item in this catalog can be customized at one of our domestic or overseas facilities. Take advantage of lower pricing possible when the quantity meets our minimums and the in-hands dates are flexible.

Building Blocks 101 - Our Sourcing Pricing Gurus want to assist you with the most accurate and timely quotes. Each of the following sections lists the main construction elements that should be included on your quote request. Don't hesitate to contact us with any questions! We're here to help turn your concept into reality!

PLASTIC BAGS

Minimums -

Domestic Production: 6,000 pieces. Overseas Production: 5,000 pieces.

Leadtime -

Domestic Production: 4-6 weeks. Overseas Production: 10-12 weeks.

Material - Do you want high density or low density film? What film thickness do you require?

Size - it's important!

Model/Handles - soft loop, tri-fold, clip-on loop, standard die cut, fold over die cut, super wave, draw cord... just to name a few!

Additional Options - Cardboard bottom board, cardboard turn-top reinforcement board, double layer, etc.

PAPER BAGS

Minimums -

Domestic Production: 5,000 pieces. Overseas Production: 1,000 pieces.

Leadtime -

Domestic Production: 4-6 weeks. Overseas Production: 10-12 weeks.

Material - What paper weight and finish

do you require?

Size - it's important!

Model - What's your style?

Handles - How will your bag be held?

Top Finish

This decision is typically based on style preference but can also be influenced by cost. Here are the three most popular finishes to consider:

Straight cut top, small tooth serrated cut top and fold-over turn top.

Additional Options

Cardboard bottom board, cardboard turn-top reinforcement board, ribbon tie between rope handles, etc.

REUSABLE BAGS

Minimums

Non Woven Polypropylene: 1,000 pieces. Woven Polypropylene: 3,000 pieces. Cotton: 1,000 pieces.

Leadtime -

Overseas Production: 10-12 weeks.

Material - What will your bag be made of?

Size - it's important!

Model - What's your style?

Handles - How will your bag be held?

Stitching & Binding - It is not every day that you have to stop to contemplate sewing terms like stitching or binding but we're here to help with such details so you can get an accurate quote and a well constructed product.

Pockets - We hear that bags with pockets are all the rage! They certainly do add to the functionality of a product and can also add a stylish touch. Your bag does not need to have pockets but the choice is yours to make!

"I am simple, yet complicated" is a common quote that can apply to a customized bag, which is why we are here to walk you through the process!

Give us a call or send your quote directly to your distributor.

Main Closure - Protecting valuables within a bag is something many people want. Does the bag's intended use call for a closure? Does your budget allow for it? Should a closure be needed, we can make it happen!

Additional Options - Bottom board, key loop, hang tab, etc.

FLEXOGRAPHIC INK

Products ran through a flexible photopolymer plate placed on a rotating drum. This process allows for high volume printing.

A cost-effective imprinting process available on most paper bags and plastic bags.

FOIL HOT STAMP

By using an engraved magnesium plate, heat and pressure, the foil stamp is adhered onto the bag.

Available on boxes, ribbon and most paper and plastic bags. This method provides an upscale elegant look sure to compliment any logo.

SILKSCREEN

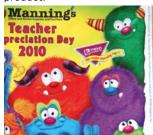

By applying ink onto a surface through a prepared screen made from a fine mesh.

Available on non-woven polypropylene, denier polyester, cotton and PET products.

HEAT TRANSFER

A four color process and/or Pantone® color(s) printed on a heat transfer material then heat pressed onto the product.

Available on most non-woven polypropylene, denier polyester, cotton, RPET products and uncoated paper bags.

ARTWORK GUIDELINES

INK FLEXO

Colors must be separated by at least 1/2" to allow for color movement. Please note that some color overlapping may occur. More than 1 spot color imprinting is not available on some products. Minimum requirement for line thickness is 1 stroke point. Reverse out printing line thickness is 2 stroke points to avoid losing fine details.

Important Notes: Artwork with a border, large coverage and/or fine print is not recommended as it may not produce a good quality imprint. Boxed artwork exceeding 5" x 5" will need approval. Submit for review.

SILKSCREEN

Color registration requirements are minimal, but do exist and must be pre-approved. Please note that some color over-lapping may still occur. More than 1 spot color imprinting is not available on some products. Minimum requirement for line thickness is 1.5 stroke points.

Important Notes: There is more movement when Silk Screening on insulated products. Thicker text is recommended for textured products. Artwork with large coverage and/or fine print is not recommended as it may not produce a good quality imprint. Please submit for review.

HALFTONES - FLEXOGRAPHIC INK

For best results, halftones should range from 20% to 40%. Our standard halftone printing is 35LPI, at a 45 degree angle. Artwork containing halftones must be pre-approved.

Halftones are not recommended for Hot Stamp or Silkscreen.

proved.			Screen	- 35LPI
20%	30%		40%	

FOIL HOT STAMP

A movement of about 1/32" to 1/16" per color will occur. Designs with tighter registration must be pre-approved. More than 1 spot color imprinting is not available on some products. Minimum requirement for line thickness is 1 stroke point. Reverse out printing line thickness is 2 stroke points to avoid losing fine details.

Important Notes: Artwork with a border, large coverage and/or fine print is not recommended as it may not produce a good quality imprint. Boxed artwork exceeding 5" x 5" will need approval. Please submit for review.

COLOR MAGIC

Color Magic is not subject to space requirements and is therefore ideal for designs requiring multi-color and close registration.

Color Magic is available as a CMYK Process Heat Transfer and also as a Pantone® Match Heat Transfer.

CMYK Process Heat Transfer: Images should be in CMYK at a minimum of 300 dpi and provided at actual size. Minimum requirement for line thickness is 4 stroke points.

Pantone® Match Heat Transfer: For vector based art, Pantone® colors are preferred and will render a more vibrant print. Please note 2 Pantone® color art is the same price as CMYK artwork. More than 2 Pantone® colors will incur additional charges, please see page 101 for pricing details. Minimum requirement for line thickness is 1 stroke point.

Important Notes:

- With PMS match orders, the colors Black and White are each considered a match.
- For best results, some minor adjustments may be required. These minor adjustments will be noted on yourviewing file proof for approval.

Additional Notes: Our imprinting processes operate in a post-production environment in which imprinting takes place on a product which is already constructed. In some cases folds and creases produced in manufacturing the bags result in some restrictions that may impact certain artwork's printability and available imprint area. Also, artwork position on post-printed products may vary slightly from product to product due to manual feeding.

FILE SPECIFICATIONS

When submitting artwork, please follow the recommendations on this page to help ensure the best quality of your imprint. Artwork not meeting these standards may incur additional production time and charges.

SUBMITTING ARTWORK

ACCEPTED PROGRAMS AND FILE FORMATS

PREFERRED PROGRAMS

Adobe Illustrator (CS6 or earlier) - Saved as .ai, .eps or .pdf - Fonts converted to outlines.

ACCEPTED PROGRAMS

Corel Draw - Export files as .ai - Convert all text to curves.

Freehand - Export files as editable EPS - Convert all text to paths.

FONTS

All fonts must be converted to outlines/curves/paths. Be sure to send all screen and printer fonts. If fonts are not properly sent delays on your job can occur.

Free fonts used for typesetting:

- · Times New Roman
- · Arial

MECHANICAL ARTWORK

Mechanical art is camera-ready and is the size to be printed; is crisp black and white; requires no touch-up.

DIGITAL ARTWORK

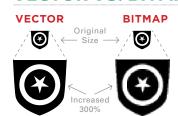

The best and highest quality imprints are made from VECTOR ART.

VECTOR ART is made up of paths which are defined by points, lines and curves and represented by mathematical equations. Vector art can be scaled to any size and retain its proportions, sharpness and detail at no loss in quality.

Note: A scanned image (e.g. .jpg, .gif, .bmp, .tiff, .psd, .pdf) or art created in a photo/paint program is not vector art, it is a raster image.

RASTER IMAGE is a collection of pixels or dots arranged in a rectangular grid known as a bitmap. Scaling a raster image to a larger size results in a loss of quality as the pixel squares get bigger and create jaggy edges on the image. In addition, placing, linking, embedding, or copying these images into a drawing program does not convert them into vector art and will not meet our art requirements. If raster images are the only available art, they must be at least 300 dpi at actual print size.

VECTOR VS. BITMAP

Vector will retain its integrity when the size is modified. The bitmap loses it's quality when it is enlarged because each individual pixel is increased.

RESOLUTION

The amount of pixels in an image and is measured in dots per inch (dpi).

HIGH RESOLUTION BITMAP

LOW RESOLUTION BITMAP

IMPORTANT: Please include PO # in email subject line.

ACKNOWLEDGEMENTS

Every custom printed order is acknowledged in writing. Please review this acknowledgement carefully and contact us immediately with discrepancies. If acknowledgement is not received within two days, please call to verify. Any changes made after order acknowledgement must be confirmed in writing and may incur additional charges and/or production time.

PRODUCTION TIME

Production scheduling begins ONLY after receipt of FINAL approval of your artwork and credit terms. Production time does not include delivery time.

- New in-stock short run orders are imprinted in 10 to 14 business days after final artwork approval.
- Exact repeat in-stock short run orders are imprinted in 5 business days.
- Color Magic orders and reorders are available in 10 to 14 business days after final artwork approval.
- · Unimprinted orders will ship 24-48 hours.

Due to potential seasonal rush, production schedules may vary. Merchandise manufactured must be accepted.

RUSH SERVICES

Rush services are available for in-stock short run orders as follows:

- \cdot 7 working days after final artwork approval -\$52.00 rush charge.
- \cdot 5 working days after final artwork approval -\$64.00 rush charge.
- \cdot 3 working days after final artwork approval -\$96.00 rush charge.

Note: During peak seasons, may not be able to accept rush requests due to production capacity. You will be notified within 4 business hours if we can not fulfill your rush request.

PAYMENT/CREDIT POLICY

For new accounts, a new customer application must accompany your order. All new customers are pre-paid. Orders will not ship

without credit approval or pre-payment. We accept Visa, Master-Card and Discover. Deposit may also be required on large quantity import products, whether or not dates are maintained.

SHIPPING

F.O.B. POINT: Brea, CA (Southern California) or Portland, TN.

METHOD OF SHIPPING: UPS Ground or Common Carrier.

For better service, please specify in-hands date deadline and requested shipping method on purchase order. As it is common for to ship early, we reserve the right to determine the appropriate shipping method to meet your deadline.
