Environmental

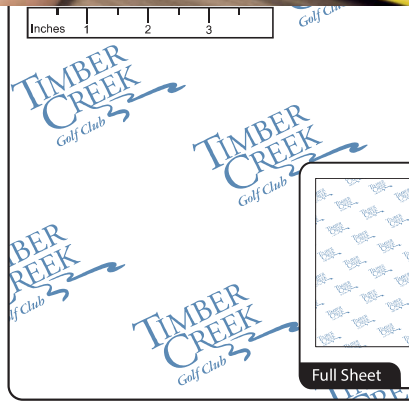

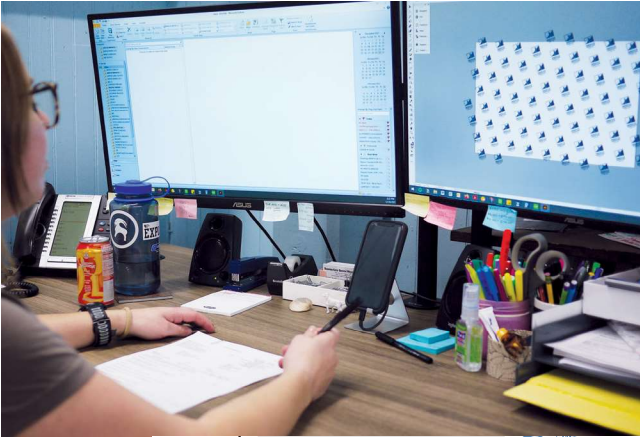

Paper fiber is one of the easiest materials to recycle. Wrapture® tissue products take full advantage of that by using up to 100% recycled fiber. 90 - 95% of paper waste from our manufacturing process goes back into papermaking. All process water is treated and reused and all effluent is treated at a USEPA- and NYDEC-regulated POTW (Publicly Owned Treatment Works). At least 70% of the electricity used in production comes from hydroelectric and other renewable sources. We continually upgrade equipment and conduct audits to improve efficiency. At Wrapture® we take responsibility for the environment seriously and strive for environmental sustainability while providing the highest quality product available.

- Upgraded lighting plant-wide
- New high efficiency boiler (2016)
- Variable speed drives on the paper machine

Custom Printing

Small Quantity Print Program (SQP)

- 10 - 95 Reams
- 11 - 18 lb. white, kraft and all 10 lb. stock colors. MF tissue. MG and Eurosheer available in white only. Dry waxed available in white and kraft.
- Up to 4 colors. Add 10% for metallics
- 20" x 30" and custom sizes
- Purchase required plates
- Submit artwork as a high resolution file or preferably as vector art with the fonts outlined
- Ink coverage up to 100% of the sheet. Designs with more than 25% coverage will require a price quote
- Standard put up is 480 sheet flat - 1 ream poly wrapped packed 5 reams per carton. Optional soft folded, 240 sheets poly wrapped - packed 4 packages per carton or based on customer requirements, additional charges may apply

Larger Quantities (100+ reams)

Quoted based on customer requirements

Lead times are 4-5 weeks from receipt of signed art approval. Pantone Matching System® will be used for all color matches unless a color sample is provided. Drawdowns available at no charge. Layout and art services are available. Orders +/- 10% of finished product order quantity.

Digital Printing

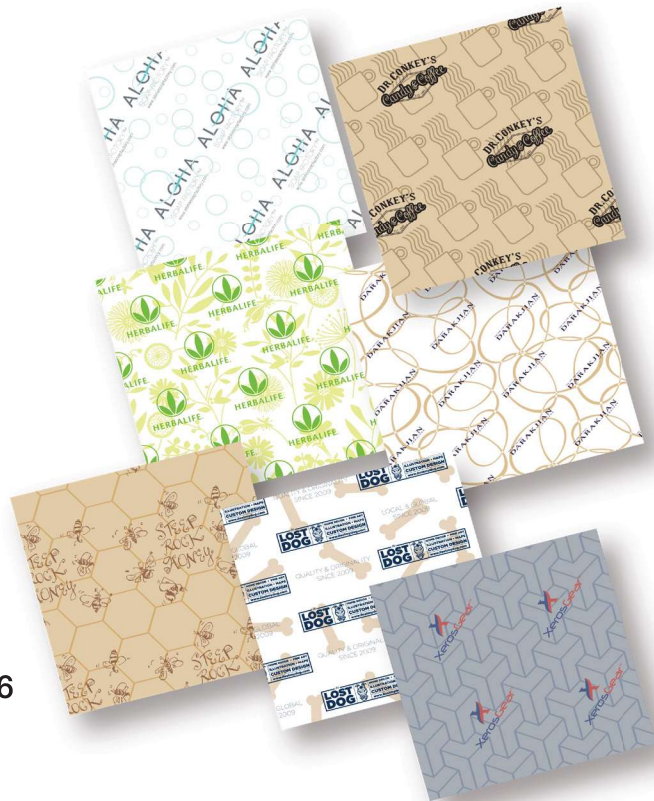

Ultimate Flexibility (10 - 5,000 sheets)

- Now you can have full size images printed on WRAPTURE tissue paper with photographic quality
- Unlimited color combinations
- Minimum print production as little as one single sheet
- NO PLATE CHARGES
- Registered printing/Spot Prints now available configured to sheet size
- Wrapture digital printing offers limitless imagination for graphics available on tissue papers
- Full photographic quality images, simple scatter printed logos or custom design options
- Do you have a client who is insisting on a “proof” printed on actual tissue paper? Normally this is costly, requires a plate and take a long time — not anymore!*
- Do you need one single ream only for a new store opening? — Now it is possible!
- Tissue substrates: White, Kraft, Stock Colors
- Tissue weights of 10# on solid colors and up to 18# on White and Kraft.
- 10# tissue is currently available 10” x 15”, 15” x 20”, 17” x 23” sheet sizes
- 18# White tissue is available in the most popular 20” x 30” sheet size. Cut sizes are also available.
- Lead time for a complete production run 2 – 3 weeks from final artwork approval
- Artwork: To be supplied in final form at least 300dpi – hi resolution

Target markets: Special Events Marketing, New Product Launches, Trade Show Promotional Packaging, New Store Openings, College or University Packaging, Sports Events, Private Golf and Country Club Marketing, Inserts for Fancy Boxed Products, Company Advertising, Weddings. THE LIST IS ENDLESS!

Please note. Digital and traditional printing are inherently different processes and some variation in color and clarity may occur between proofing and the actual printed piece.

Build Your Own Design

Choose the custom print option that best suits your customer or program

It has never been easier to get customized printed tissue. Our **Build Your Own Design** program gives your tissue line a truly unique look. Low minimum quantities and no charge for plates make it an affordable alternative to stock tissue. Pick a tissue color, ink color, and one of our designs and we will print it to order. Need larger quantities, more colors, custom sizes? The **Small Quantity** and **Custom Print** programs are right for virtually every possible print request. We offer custom printing to fit programs from retail to resale.

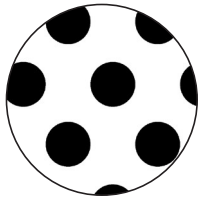

Unleash Your Creative Potential!

There is no end to the possibilities when you Build Your Own Design using combinations of 76 tissue colors, over 200 designs and any ink color you choose. It's simple and easy to do.

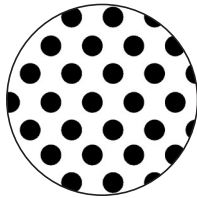

Add a little something extra to your next tissue project.

We have over 200 standing designs that you can combine with your art to create a whole new look. There is no charge for the plate, you only pay for the additional color. You can use them as a background for your design or we can incorporate your name into our artwork. It's a cost effective way to add color and interest to your presentation.

Waxed Tissue

Versatile and economical grease resistant waxed tissue. Unlike other waxed paper products, this tissue is dry waxed and suitable for printing, making it the perfect choice for short run custom print jobs. It has a crisp clean feel, not waxy like traditional waxed paper products, and the performance is virtually the same. Great for tray and basket liners among many other uses.

1000 sh. 12" x 12" dispenser (5 packs per master)

*Traditional wet waxed, all others dry waxed

Waxed shred available in 1/16" width only

Brand Makes the Difference

Proudly Manufactured in the USA

For 118 years, we have been committed to the manufacture of high-grade fourdrinier tissue under the Wrapture® brand. As we move into the fifth generation of our family-run business, our quality and service speak for themselves. Innovation and upgrades ensure an economical product that exceeds customer expectations. With so many options available for paper and packaging today, Wrapture® stands out for its consistent value to the industry. The Wrapture® label is your assurance of the finest-quality tissue product.
